Nature Morte By Louise Penny

April 25th, 2020 - Although the French term nature morte—literally “dead nature”—is generally applied to still life painting a genre that has flourished since at least the seventeenth century it has a particular relevance to photography In her seminal 1977 book On Photography cultural critic Susan Sontag argues that “there is an aggression inherent in every use of the camera”—an impulse that

Still life

April 12th, 2020 - A still life plural still lifes is a work of art depicting mostly inanimate subject matter typically monplace objects which are either natural food, flowers, dead animals, plants, rocks, shells, etc. or man-made drinking glasses, books, vases, jewelry, coins, pipes, etc. With origins in the Middle Ages and Ancient Greco-Roman art, still life
painting emerged as a distinct genre

'Nature Morte Contemporary Artists Reinvigorate the Still
April 18th, 2020 - The audacious still lifes celebrated here challenge that historical supremacy and redefine what it means to be a work of nature morte literally translated from the French "dead nature". Whether through painting, drawing, sculpture, video or other media, contemporary artists have drawn on the centuries-old tradition to create works of conceptual vivacity, beauty, and emotional poignancy.'
